

CAN I CUSTOMIZE MY ZOOM WEBINAR EXPERIENCE?

Yes! Zoom offers several options to make the most of your Alumnae course experience.

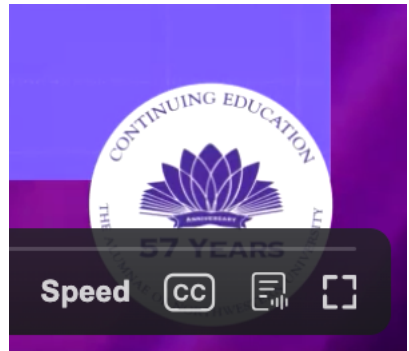

- closed captioning
- full screen mode

And for the recordings only:

- transcription – if you are logged into your Zoom account

You may toggle these options on and off by clicking on the icons in the lower right corner of your webinar window.

You may also adjust the size of closed captioning by using the +/- function on your browser window.

For students who have enrolled in Alumnae courses in the past, our Zoom webinars look a little different as of Fall 2025.

We have recently purchased new equipment for Norris Center's tech department which will improve the quality of the Zoom experience.

However, the ability to adjust the sizes of the professor and Powerpoint slides side by side windows is no longer available. Your screen will now have a fixed layout. We made this change to simplify our operations and deliver a higher quality Zoom webinar across all devices.
